My guess is that he has to maintain an appearance of neutrality at least for Pence's sake - as if it was Pence's OWN decision. I love him for that. I think he knows Pence will deliver.

The law is a compact. If they refuse to respect the law, denying us any right of representation such that we can never again affect the law, then they should not benefit from the protection of the law. Put simply: The Law is Not a Suicide Pact.

This is a good point. It's advantageous to have the appearance that they didn't "conspire" ahead of time (though nothing wrong with that).

And we know that Pence has at least indicated to the President that he agrees he has the power to act, which I think as huge.

This also just occurred to me.... if the President knew or suspected that Pence would betray him... I think his tweets would be reading a lot differently tonight. But I could be wrong.

Exactly. I am definitely a pusher of the importance of optics, and from a historical perspective, optics are incredibly important, especially when considering precedent: will a Democrat President abuse this ability when their time comes?

That being said:

How many times have we been in this position?

- Trust the plan.
- Tick tock.
- Wait and see.
- Depend on the Supreme Court.
- Cruz will rescue us.
- January 1 is the bomb.
- Military is waiting to carry out recount.
- December 18th is when traitors hang.
- Christmas Eve miracle.

We can't keep waiting. Tomorrow is do or die for America.

There has been a plan, but Deep State corrupted even ACB and Kavanaugh. We have allies, but then their daughters boyfriends got blown up, or they died from "covid." We have the law, but that is ignored by the media, and tossed out by the courts.

Tomorrow is revolution. And it will be peaceful, or it will not.

Trump needs to win. And tomorrow will reveal who Pence truly is. And earnestly pray he is for America.

It's not an ideal solution, but I say go for it. The election was so incredibly crooked and the system has offered no fair resolution, I think protecting this election overrides some future potential issues.

That may be a great sounding quote, but it's based on a very bad translation of what Aristotle actually said. Republic is a Roman word the concept of which Aristotle wouldn't have encountered at all in his lifetime. The actual word in Greek is "politeia" which is kind of vague in its meaning and hard to translate into English, but is something along the lines of "the regime", or "the city-state style of governance."

The point is that Aristotle says that a society dominated by women becomes a tyranny, as anyone with two brain cells will understand.

Women always put safety above freedom, it's in their genes.

Thankfully, the United States of America isn't a democracy, it's a Constitutional Representative Republic with a democratic heartbeat.

Democracies lead to anarchy and tyranny. The Founders saw this day coming, so they put in a system that would both delay it and restore it if the People are willing to do so.

Fortunately, the stars/planets are aligned with a leader like President Donald Trump for such a time as this. This is Divine Providence. May God guide us and deliver us a swift victory. Amen.

Correct. The over-reaction of Moral Panic that the Tolerant Left™ is having a tantrum over **is** a passing fad. Many of these emotionally-incontinent Leftists were not really aware of GEOTUS (or politics in general) until he announced his 2016 Campaign. The younger ones only knew him from "The Apprentice" and know nothing of the business/media success he had for decades, when MSM treated him more politely. Their hivemind responded as one when MSM/Hollywood told them Trump was the guy to focus their "two minutes of hate" upon, pushing the narrative that all the ills of society and government were due to him (when he had never held a political office before.)

As long as MSM continues their false propaganda, ill-informed consumerists will see "hate for Trump" as something "all the cool kids are doing." People who receive their opinions/thought processes/behavior cues from Hollywood/MSM have lost the capacity for thinking for themselves, and are much more obsessed with conforming to the opinions of their "Facebook friends" than the future of Our Nation.

I assume everything of importance Trump says/does may include some measure of misdirection. He's vastly persuasive (Scott Adams agrees), and one method of using that is misdirection.

I used to be a somewhat decent amateur (performing for friends and family alone) magician, so I'll plug the opening scene of one of my favorite movies that explains what Trumps does, [The Prestige](#). Note that I never encountered any parts of a trick being called "the Pledge, the Turn, and the Prestige." But the descriptions are good, and do represent the flow of a magic trick very well. Just treat Trump's tweet in the OP as the ordinary object and you should be able to run with the analogy from there. Also, understand that misdirection isn't covered in this scene because misdirection doesn't fall into any of the steps, but is used throughout the entire trick.

Also, as a writer who has made a small amount of money off fantasy novels, I want to say as well that I dream of writing an opening even half as brilliant that one. Every part of it is essentially perfect. The greatest genius is the very first line. "Are you watching closely?" with a segue into a monologue about magic tricks. The actual "action" of the scene, with Bale and Jackman, is just icing.

Your only question at this point is whether Pence thinks the election was fair. Do you think that lowly of a man who has stood by us this whole time? Pence only ever had a political career, if Biden gets in nobody like Pence is ever getting elected again; Biden would have the country Dominion blue by 2028. No more malarkey, remember? I can't imagine Trump saying this, pitting all of the MAGA-bros hopes on Pence to decertify the election if he didn't already talk with Pence about it beforehand--because if Pence doesn't, then it leads the MAGA-bros to attacking Pence, for not doing what Trump suggested he *could* do if he wanted to.

Seems promising honestly.

The only bad outcome for Pence's legacy is to certify Biden.

Every other outcome shows he's doing his Constitutional duty to refuse to accept contested results. What happens from there is not on his shoulders.

So I expect the latter, regardless of which side he's on. There's no downside for him, because if he's really a cuck the Republicans can ensure Biden still wins.

Let's say Pence is two faced. He is still a politician with one hand to play: maga. If he turns his back on maga, he will never hold office again. There isn't a single Republican that will vote for him, and every Democrat will gleefully watch his career die.

He has one option alone: embrace maga and see how far it takes you. If you lose in 2020, you can still rally the 70+M that voted for you somewhere down the line.

Hey Pedes... I just spent 12 hours straight on the web because I can't sleep. I can't sleep because I don't believe the bullshit I'm seeing. They're actually trying to steal the Georgia runoff, the same exact way they did on Nov 3rd. After being ahead bigly, all of a sudden it's 50/50 dead heat. ARE YOU FUCKING KIDDING ME ?? And these fucktards want 10 more days ?? Fuck off. Eat shit. No guns in DC ? ARE YOU FUCKING SERIOUS? We're getting beat up by antifa and cops with pepper spray. And that's just for now ! What about tomorrow ? No fucking guns. Eat shit. I mean is there a fucking plan tomorrow ? From what I've seen its a big retardapalooza. I mean what's with the LARP bullshit. God bless you for being there but c'mon man. This is for fucking real. I really have love for these guys making these long trips and freezing their asses off. But we need to remember.... **THEY FUCKING STOLE THE WHOLE THING. FUCK THEIR TERMS AND CONDITIONS. FUCK CONCEDED A DAMN THING. THERE IS NO FUCKING NEXT TIME. FIGHT THIS SHIT !! WE'RE DEAD EITHER WAY.** Man, I'm tired. If we give this up, we piss on every veteran that died with the stars and stripes on their sleeve and in their hearts. So fuck you Cruz and your 10 days. My dead friends and relatives that served wished they had 10 more fucking days too. So... Spend 10 or 12 hours on 30 different apps reading about DC and Georgia and what biden/Nwo have in store. And who he has on his cabinet. You won't sleep either. Block me if you want. I don't give a shit.

And I guarantee you won't be anywhere near DC today so FUCK off. I'm shitting now and walking out the door to head there after. If you aren't going to show up today, you should keep your stupid-ass thoughts to yourself.

Its always nice to have a good shit. The MRE shits with my bare ass against a sticklebush in iraq sucked. Always appreciate a nice sit down shit. Remove the beam from your eye before picking that mote from your brothers eye. We all are known by the fruits of our labor.

I don't wish suicide on anyone. Peace be in your heart brother. Confront the evil you face today. The evil tomorrow will wait.

Breitbart article? Wha?

It's relevant since I want mass deportation, or at least no more third world immigration. Not sure Pence is based in that way.

Oh, come on. P.R. 101, my friend. Think about the shitstorm the word "when" would've caused.... probably a fresh new impeachment too.

The time for bloodshed is long overdue. The tree of liberty needs to be "watered" or else all is lost.

Ok all you doomers who became Pence haters in these last 4 days - look at this. You allowed yourselves to be sucked in by a disinformation campaign, & because if that you railed hate against a loyal man, Mike Pence, you slandered him, called him a traitor. For God's sake you idiots, will you start using your brains. The enemy is posting disinformation all over TD. You are hurting our cause.

Last 4 days? I didn't trust him from the start because he was in loved with black label contractors known to be in shady shit. Just because you only heard about it 4 days ago doesn't mean others only just now found out. 4 Chan and 8 Chan knew years ago.

Just remember: To the Democrats who are now in charge of damn near everything (and who make up the swamp that Trump is still trying to drain), they're allowed to do whatever they want. Every facet of government is on their side... against Trump and against the citizens of the United States.

Your government now has the power to do anything they want. They need to be destroyed.

Even if the Presidency is Trump's, the House will come up with a reason to impeach him, the Senate will almost definitely approve it, and they'll use today's certification to do the same to Pence. If we don't ACTUALLY rise up and ACTUALLY end this bullshit, we'll be seeing President Pelosi before the end of 2021.

This is the time for the American people. The government has failed.
